Ingredients

1 tsp Queen Madagascar Vanilla Bean Paste
3 punnets Fresh berries
Queen Choc Flavoured Gold Pearls
Fresh rosemary sprigs
Slivered pistachio

Method - Meringue

While sugar is heating, beat egg whites on medium speed until soft peaks form, approx. 1-2 minutes. Remove sugar from oven and while still mixing, fold sides of baking paper and add sugar gradually to egg whites. Beat on high for 5-10 minutes until mixture forms firm peaks and bowl of mixer cool to the touch. Transfer to a large piping bag fitter with a large French star piping tip.

STEP 3

Trace 1 x 20cm diameter circle, 1 x 18cm diameter circle, 1 x 15cm diameter circle, 1 x 10cm diameter circle, 1 x 8cm diameter circle and 1 x 5cm diameter circles onto a few trays lined with baking paper. Turn paper over and pipe meringue kisses within circles. Bake for 1 hr 30mins (you want to ensure the meringue layers are very crisp to hold the weight of the tree) after this time the layers should have dried and will lift from baking paper easily. Turn off the oven and leave the meringue layers to cool completely (you can open the oven door a little to speed up cool down time). Once completely cool you are ready to assemble, or you can store the layers in airtight containers on your bench for a few days.

STEP 4

When ready to assemble, whip the thickened cream, icing sugar and vanilla bean paste until stiff peaks form. Place the largest meringue disk on a serving tray and top with a layer of cream, top that with fresh berries and repeat with all layers of the meringue and finish with the meringue top. Decorate with the Gold Pearls, rosemary sprigs and pistachio slivers and serve with a dusting of icing sugar.
