Ingredients

600ml thickened cream

1 tsp Queen Organic Vanilla Extract

½ cup (170g) strawberry or raspberry jam

Fresh strawberries, to decorate

Method - Sponge Cake

In a stand mixer fitted with whisk attachment, beat eggs, caster sugar and Vanilla Extract on high speed for 15 minutes until mixture is thick and pale in colour.

STEP 4

Sift ¼ of the flour mixture into egg mixture and gently fold using a large metal spoon. Repeat with remaining flour mixture, taking care not to over mix.

STEP 5

In separate bowl, add a heaped spoonful or two of the batter into the melted butter mix to combine.

STEP 6

Add butter to sponge batter and fold very gently to combine, with no streaks of butter remaining.

STEP 7

Pour batter into two prepared tins and gently smooth the tops. Bake for 20-25 minutes or until top springs back when lightly touched. Allow cakes to cool in tins for 5 minutes then turn out onto wire rack to cool completely.

Method - To assemble

STEP 1

Whip cream and Vanilla Extract until firm peaks form.

STEP 2

Place the first sponge layer on a serving plate and spread generously with vanilla cream. Top with berries and a drizzle of jam.

STEP 3

Top with remaining sponge, then top with more cream, strawberries, jam and meringues to finish.
