Rosewater & White Chocolate Scones

These delicate white chocolate scones are served with a fragrant rosewater and vanilla bean cream for a true morning tea treat. Just one question - is it jam first or cream first?!

Ingredients

Scones

300g (2 cups) self-raising flour, plus extra to dust
¼ tsp salt
40g butter, cubed, softened slightly
2 tbsp caster sugar
60g good-quality white chocolate, chilled, coarsely grated
250ml (1 cup) pure cream, plus extra to brush
2 tsp Rosewater Extract
Dried rose or mixed flower petals to decorate

Method - Scones

STEP 1

Preheat oven to 220°C (200°C fan-forced). Line a tray with non-stick baking paper.

STEP 2

Combine flour and salt in a large bowl. Use fingertips to rub in butter until mixture resembles fine breadcrumbs and butter is evenly incorporated. Stir in sugar and white chocolate.

STEP 3

Combine cream and Rosewater Essence. Add to flour mixture and use a flat-bladed knife to mix with a cutting action until dough comes together in clumps.

Ingredients

Rosewater Cream

125ml (½ cup) thickened cream

1 ½ tsp Queen Natural Rosewater
Essence

1 tsp Queen Vanilla Bean Paste

Method - Scones

Use hands to bring dough together – it should be soft, but not sticky. Place on a lightly floured surface and knead lightly and briefly (about 6 times) to bring it together.

STEP 5

Use a lightly floured rolling pin to gently roll dough out to about 2cm thick. Cut dough into 10 rounds (see Recipe Tips) using a floured 6cm round cutter, gathering any offcuts and, without over-handling, rerolling once if necessary. Place on prepared tray, about 3cm apart. Use a pastry brush to lightly brush each scone with a little extra cream.

STEP 6

Bake in center of preheated oven for 12-15 minutes or until scones are lightly golden and cooked through; they are ready if they sound hollow when tapped on the base. Serve warm or at room temperature, split and topped with jam and rosewater cream.

Method - Rosewater Cream

STEP 1

Combine cream and Rosewater Essence in a medium bowl. Stir with a balloon whisk until it starts to thicken and almost reaches soft peaks stage.
