There something about rainbow cakes - they just taste better! And these are in cute little pop form. These are easier to make than they look!

### Ingredients

#### Cake

120g melted butter  
2 cups (220g) caster sugar  
3 large eggs  
1/2 tsp salt  
2 tsp Queen Organic Vanilla Bean Paste

150ml milk  
Queen Food Colour Gels (blue, red, green, yellow)

#### Coating

375g white chocolate

### Method

#### STEP 1

Preheat oven to 180°C (fan forced). Lightly grease the top and bottom of your cake pop pan.

#### STEP 2

## Ingredients

Queen Writing Icing

## Method

Bake for 15-20 minutes, then remove from oven and cool on a wire cooling rack. Repeat with any remaining mixture. Allow to cool completely.

## Method - Coating

### STEP 1

Melt about 40g chocolate. Dip the tip of the cake pop sticks into the white chocolate and insert into the cake balls about half-way. Allow to set. This can be sped up by placing the cake balls in the fridge or freezer.

### STEP 2

Melt the remaining chocolate. Dip cake balls carefully into the chocolate until covered. Carefully lift cake ball free of the chocolate, let the excess chocolate drip off. Swirl and tap gently if needed.

### STEP 3

Once chocolate is set, decorate with Queen Writing Icing to create little rainbows.
